ProSolve White Chalk Sticks - Technical Data Sheet

Product Code: WCSSA

Product Size: 75mm chalk sticks

Box Quantity: 100 sticks

Product Description

ProSolve White Chalk Sticks are temporary industrial marking sticks designed for use in construction, engineering, fabrication and general site work. They produce highly visible white marks that help users mark out work areas, identify materials, lay out site plans and mark cut lines without causing permanent damage to the surface. Marks can usually be washed away after use.

Applications

- Steel marking
- Masonry marking
- Construction site layout work
- Fabrication and workshop marking
- Welding and engineering work
- Marking cut lines and drill points
- Identification of materials and components
- Temporary marking on suitable hard surfaces

Features & Benefits

- Highly visible white marking
- Temporary marks that can usually be washed away
- Suitable for steel, masonry and many other construction surfaces
- Useful for marking cut lines and layout points
- Non-permanent marking method
- Solid cylindrical chalk stick format
- Non-flammable and non-combustible
- Easy to use on site or in the workshop

Directions for Use

Apply directly to the surface using light pressure. Mark only the area required. For best results, ensure the surface is dry and free from excessive dust, grease or loose contamination before marking. Remove marks with water and suitable cleaning method once no longer required.

Typical Technical Data

Appearance: Solid cylindrical stick

Colour: White

Odour: None

Length: 75mm

Solubility: Insoluble

Flammability: Non-flammable

Explosive Properties: Non-explosive

Oxidising Properties: Non-oxidising

pH: Not applicable

Flash Point: Not applicable

Composition Information

The SDS does not identify any hazardous components. The product is not classified as dangerous according to EC 1272/2008 and does not meet the criteria for PBT or vPvB classification.

Storage

Store in a cool, dry place. Keep in a suitable dry container or original packaging when not in use. Protect from moisture and contamination.

Limitations

Intended for temporary marking only. Mark visibility and removal may vary depending on the surface condition, porosity and texture. Test on an inconspicuous area before use on decorative, delicate or highly porous materials. Dust may be generated during use, handling or clean-up.

Health & Safety

The product is not classified as hazardous. Use of this material may generate dust, so suitable dust control measures may be required. Avoid breathing dust. Safety goggles and a dust respirator are recommended where dust may be generated. Always read the product label and Safety Data Sheet before use.

Packaging

75mm white chalk sticks

Box Quantity: 100
