DATA SHEET

ProSolve™ Metal Jerry Can 20L (PVMJC20)

DESCRIPTION

Steel military style 20L jerry can for carrying fuel. With locking pi to ensure that the cap cannot be opened accidentally and indentations to allow for expansion and helps ensure cans will not easily damage when dropped. Powder coated internally and externally.

The three handled design allows it to be easily carried by one or two people.

Note: Not suitable for drinking water.

FEATURES:

Conformity: UK HSE regulations on transportation of flammable liquid.

Material: 0.8mm Galvanised Steel

Construction: Double-Welded

Capacity: 20L

Colour: Olive Green

Size: 360 x 170 x 470mm

Net Weight: 3.9kg

Spout: Optional pouring spout is available (PVMS)

IMPORTANT NOTICE

All statements, technical information and recommendations are based on tests we believe to be reliable as at the date of hereof, but the accuracy or completeness thereof is not guaranteed. Please ensure before using the product that it is suitable for your intended use. Since the conditions and methods of use of the product and of the information referred to herein are beyond our control, other than for fraudulent misrepresentation, ProSolve expressly disclaims any and all liability as to any results obtained or arising from any use of the product or reliance on such information.

BEFORE USE, CONSULT THE SAFETY DATA SHEET OF THE PRODUCT.
